Alexandria, Egypt | +201556014667 | marinaafranswa@gmail.com | [linkedin.com/in/marinaafranswa](https://www.linkedin.com/in/marinaafranswa) | github.com/marinaafranswa

PROFESSIONAL SUMMARY

Frontend Developer with 2 years of experience building responsive, production-grade web applications using React.js, Next.js, and TypeScript. Specialized in component architecture, SSR/CSR patterns, and RESTful API integration, with hands-on experience across the full frontend stack — from form validation with Zod and React Hook Form to UI systems built on Tailwind CSS, Shadcn UI, and Radix UI. Recognized as a top achiever in frontend development training and thrive in Agile teams where attention to detail and clean code matter.

PROFESSIONAL EXPERIENCE

Frontend Developer — Storia | Alexandria, Egypt

Feb 2024 – Jul 2025

- Developed the company's public-facing website from scratch, translating Figma designs into responsive, cross-browser-compatible interfaces using HTML, CSS, JavaScript, and Bootstrap.
- Built and maintained an internal CRM and employee management system serving a team of 15+, implementing UI features that streamlined day-to-day workflows and improved overall usability.
- Optimized both products for performance and mobile responsiveness, resulting in faster page load times, a smoother mobile experience, and fewer reported UI bugs.
- Integrated RESTful APIs via Fetch API across both systems, handling dynamic data, error states, and edge-case UI interactions reliably.
- Collaborated with designers and backend developers in an Agile sprint environment, consistently delivering features on schedule across a 1.5-year engagement.
- Managed feature branches, pull requests, and code reviews on GitLab, maintaining clean version history across two parallel codebases.

PROJECTS

FreshCart — E-commerce Web Application

Feb 2026

GitHub: <https://github.com/marinaafranswa/freshCart-by-marina>

- Developed a scalable e-commerce frontend using Next.js with SSR and SSG for enhanced performance and SEO.
- Built reusable UI components using Shadcn UI, Radix UI, Tailwind CSS, and class-variance-authority.
- Implemented authentication flows using NextAuth and JWT handling with jwt-decode.
- Created advanced forms and validation using React Hook Form, Hookform Resolvers, and Zod.
- Integrated interactive product carousels using Swiper.js and enhanced UI experience with Sonner and Vault.
- Stack: React 19, Next.js, TypeScript, Tailwind CSS, Shadcn UI, Next Themes, Lucide React.

LinkedPosts — Social Media Web Application

Mar 2026

GitHub: <https://github.com/marinaafranswa/linked-posts-app>

- Architected reusable React.js component structures to improve maintainability and scalability.
- Implemented server-state management using React Query for efficient data fetching and synchronization.
- Built responsive and accessible UI using Hero UI, Tailwind CSS, and Framer Motion animations.
- Developed forms and validation using React Hook Form, Zod, and Hookform Resolvers.
- Integrated RESTful APIs using Axios and implemented dynamic routing with React Router DOM.
- Enhanced user experience with React Toastify notifications and modern frontend tooling using Vite.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js, React Query, Tailwind CSS, Bootstrap, Shadcn UI, Hero UI, Radix UI

Forms & Validation: React Hook Form, Hookform Resolvers, Zod

API & Data: RESTful APIs, Axios, Fetch API, JSON

Tools & Platforms: Git, GitHub, GitLab, Vite, npm

Core Concepts: Responsive Design, SSR/CSR, Dynamic Routing, Component Architecture, Performance Optimization, Agile/Scrum

EDUCATION

B.Sc. in Computers and Information Technology

Graduated Jul 2023 | GPA: 3.16 / 4.0

Alexandria University & Egyptian E-Learning University (Joint Program)

PROFESSIONAL TRAINING & CERTIFICATES

Frontend Development Diploma — Route Academy

Completed: March 2026

Awarded for Outstanding Performance and Being One of the Top Achievers in the Frontend Development Diploma.
